

When it comes to shipping large amounts of cargo across long distances, we've got you covered. Whether you plan to transport your items via air or land, our vast network of planes and ground vehicles will get the job done—guaranteed.

AIR CARGO

AirFreight.com offers access to a well-connected, vast network of air transport options that provides clients with the widest range of air cargo choices.

AIR CHARTER

Need to send time-critical cargo on a tight deadline? With air charter, there are no limits on shipment size or weight. Your shipment will be transported using the right optimally-designed aircraft to fit your needs.

AIR FREIGHT

We'll securely transport your freight using innovative solutions to help your shipment arrive safely and on time.

ONBOARD COURIER (OBC) - HAND CARRY

An Onboard Courier (OBC) moves small boxes or freight on scheduled passenger flights throughout the world. It is also known as a Hand Carry, one of the fastest modes of air cargo.

EXPRESS TRUCKING

We offer door-to-door services via authorized motor carriers throughout North America, regardless of your origin and destination.

SAME-DAY DELIVERY

We find the right carriers to provide same-day delivery nationwide via ground or air, managed by professionals in the industry.
